EXPERIENCE

ServiceNow

Digital Product Manager, Digital Experience Platform

04/2025 – 08/2026

Lead with a servant-leadership philosophy, building cross-functional trust and stakeholder buy-in to drive program alignment and deliver user-experience excellence and measurable business impact across complex, multi-team initiatives.

- Orchestrate cross-functional GTM execution for quarterly product launches and semi-annual platform releases, aligning Sales, Marketing, and Product on scope, timing, and ownership.
- Align cross-functional stakeholders on GTM strategy for product launches and platform releases, enabling frictionless user experiences and pipeline impact.
- Drove 67% scope reduction through structured prioritization and cross-functional stakeholder alignment, focusing resources on highest-impact campaign surfaces and launch readiness.
- Apply user research and data insights to optimize UX and webpage content modeling.
- Drive GTM efficiency and UX enhancements by leveraging AI tools to streamline workflows, accelerate content and campaign execution, and inform decision-making.

Digital Product Manager, Digital Experience Platform (Contract)

11/2023 - 12/2024

Owned digital strategy and program delivery for multiple servicenow.com product areas, leading cross-functional programs spanning product, creative, and engineering.

- Led end-to-end delivery of 25+ multi-tab site pages across product and platform releases, achieving 3% engagement and 3.2% form-conversion lifts (avg/YoY, 2024).
- Drove migration of 4,000+ legacy pages to SEO-optimized templates via automation, eliminating an estimated 20,000+ manual hours.
- Maintained ownership of 380+ product and content pages while monitoring analytics to continuously improve engagement.
- Established strategic roadmaps, centralized communication channels, and reporting tools across programs, maintaining a single source of truth and enabling transparency for senior stakeholders.
- Enabled digital transformation of studio, publishing, and engineering teams through adoption of the ServiceNow platform.

Digital Program Manager, Digital Experience Platform (Contract)

05/2023 - 10/2023

Developed strategic roadmaps for the account management and information architecture programs and built cross-team communication infrastructure.

- Partnered with stakeholders to source requirements, manage dependencies, and identify and mitigate risks.
- Independently acquired deep expertise in the ServiceNow AI Platform, driving cross-functional team adoption.

AmeriSave Mortgage Corporation

Senior Digital Program Manager

05/2022 - 03/2023

Designed and implemented an operational framework across marketing that improved collaboration, speed-to-market, and program rigor.

- Served as program management platform system administrator, enabling organized intake and cross-functional technical integration across all marketing workflows.
- Introduced SAFe and scrum methodologies as scalable campaign frameworks, improving process consistency and cross-functional collaboration between studio and development teams.
- Orchestrated multi-channel integrated campaign launches across Product, Sales, Legal, Creative, and Technology, ensuring coordinated readiness, consistent messaging, and clean execution at launch.
- Managed and mentored junior project managers through goal setting, coaching, and performance planning.

Meta

Senior Project Manager (Contract)

07/2021 - 04/2022

Led multi-channel campaigns and partner-enablement initiatives for key Facebook and Instagram audiences.

- Led activation of Facebook's Good Ideas Shop interactive out-of-home campaign across 3 U.S. markets, partnering with 30+ small businesses to drive e-commerce via Facebook and Instagram Shops.
- Led activation of Instagram's We Create 2.0 digital campaign, partnering with independent creators to deliver social and economic impact to underrepresented small business owners in the U.S. and Canada.
- Implemented program-alignment tools and templates and managed third-party production partners to deliver campaign results.
